

THE RECENT BIG FIRE IN RICHMOND.

Hon. William A. Little Indicted for Embezzlement.

150 THROWN OUT OF WORK.

Eight Hundred Persons Will Probably Be Rendered Destitute by the Destruction of Miller & Miller's Factory—Carter Gilligan Disappointed—Rumor of Chesapeake and Ohio Railway Changes—William Wright Injured in a Fight—Unique Coin Found in Scottsville.

(Special to Virginian-Pilot.)

Richmond, Va., Dec. 7.—News reached here to-day from Fredericksburg that former State Senator William A. Little had been indicted for the embezzlement of \$900. It was added that a bench warrant had been issued for his arrest, but that he had left Fredericksburg, and his present location was not known.

Mr. Little was trustee in a certain case and the sum mentioned was paid over to him. He failed to account for it, though several times approached on the subject. William A. Little was at one time prominent in the councils of the Democratic party, but in 1896 he affiliated with the gold wing and was their attorney in his section. He has recently had a severe attack and his friends claim that he is not responsible for his actions. Not very long ago he was married to a beautiful young girl. Mr. Little has been commonwealth's attorney for his county and was recognized as a very able lawyer.

THE RECENT BIG FIRE.

The loss by the big fire in Miller & Miller's factory last night will aggregate \$60,000, but there is considerable insurance. The most serious feature of the fire is the fact that 150 men were thrown out of employment. Nearly every one of them has a family. This means, therefore, that probably 800 persons will be in destitute circumstances just as severe weather is expected. The people of Richmond will endeavor to see that they do not suffer.

GILLIGAN DISAPPOINTED.

A. S. Gilligan, it is said, is much disappointed at the refusal of the Supreme Court to allow his removal to Isle of Wight jail pending the decision of the court on his request for a new trial. He is tired of making shoes.

Hon. Thomas N. Jones, member of the House of Delegates from Isle of Wight, was in the city last night. When asked for the sentiment of his people on the question of the Court of Appeals granting Gilligan a new trial, Mr. Jones said as far as he could learn it was about evenly divided, some favoring and others being opposed to such a course. In discussing the probable work of the extra session of the Legislature Mr. Jones said he thought the convention apportionment would provide for 100 members, and that the Legislature would take up other work after disposing of the convention matter.

Mr. Jones said ex-Congressman John W. Lawson and Hon. P. G. Wright, formerly a member of the House from his county, were being mentioned as probable delegates to the constitutional convention.

C. & O. RUMORS.

There are many rumors regarding contemplated changes in the offices and personnel of the Chesapeake and Ohio. Some of the rumors have the earmarks of authenticity, despite the fact that those who should know declare "there is nothing in it."

One of these "rumors" is to the effect that the Chesapeake and Ohio will be modeled after the Pennsylvania System, and with the promotion of General Superintendent Doyle to the position of general manager, the office of general superintendent will be abolished.

J. M. Gill, at present general superintendent of the western division, will be promoted, but his title will be changed to general superintendent of transportation.

It has been a matter "talked of" that if Mr. Gill is made general superintendent of transportation the offices of that official will be at Clifton Forge, but this is hardly deemed probable, as it has been the object of the present management of the road to have all the general offices located in this city. This will, however, leave the division offices at Clifton Forge.

There is also a well-defined rumor that there will be other changes in regard to the location of some of the freight offices.

HURT IN A FIGHT.

William Wright, a well-dressed and rather good-looking middle-aged white man, came near bleeding to death between 3 and 4 o'clock this morning from wounds received while indulging in a fight with three white men unknown to him. Wright's left hand was almost severed at the wrist and he had lost a great quantity of blood before medical aid arrived. The ambulance was sent for and Dr. Gill responded. He sewed together the flesh and bandaged the wound, and at last accounts Wright was resting comfortably.

Wright says he was sitting before the fire in the parlor of No. 17 Mayo street about 3 o'clock this morning, when

BABY LAUGH

It belongs to health, for a baby, to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy. Scott's emulsion of cod-liver oil is the proper food, if he needs it; but only a little at first.

We'll send you a little to try if you like. SCOTT & BOWNE, 400 Pearl Street, New York.

three strangers, appearing to be young men about town, entered the place and began cursing and abusing him. A fight ensued and one of the newcomers drew a razor and cut his left wrist all the way around to the bone.

JUDGE WHITTLE'S PROSPECTS. The friends of Judge S. G. Whittle are confidently claiming four of the eight votes in the Democratic caucus from Richmond and Henrico for their man. They say one member who has heretofore been classed as doubtful has openly declared his preference for Judge Whittle.

If this prognostication be correct, the vote will stand as follows: Manne, 2; Whittle, 4; Phlegar, 2.

Judge Whittle's friends in this city are jubilant over his prospects and say three of the four members above mentioned are for him as second choice.

A UNIQUE COIN.

Private Detective C. D. Duke, of the Chesapeake and Ohio railroad, has in his possession a very unique coin. It was found sticking in a partly-burned log in the ruins of a house at Scottsville that had been nearly destroyed by fire.

The medal bears on its face a bust of Washington, with the words: "George Washington, Ob. December, 1799, aged 68."

On the reverse side, around the margin appears: "Late President of the United States of America." The words in the center cannot be deciphered. At the bottom is the date "1800."

A gentleman who has knowledge of such matters, said to-day that he supposed the medal was one of fifty struck off by order of Congress just after Washington's death.

THE SUPREME COURT.

The following were the proceedings in the State Supreme Court of Appeals to-day:

Turnbull vs. Mann. Argued by Willis B. Smith and George S. Bernard for appellee and submitted.

Miller vs. Miller. Submitted on briefs.

White, trustee, vs. Johnson. Dismissed.

South Roanoke Land Company vs. Roberts. Passed to January term.

McCoy, by, &c., vs. Norfolk and Carolina Railroad Company. Argued by C. J. Collins for appellants and continued until to-morrow.

The next case to be called is Norfolk and Western Railway Company vs. Old Dominion Baggage Company, &c., No. 26 on argument docket.

PETERSBURG.

TWO SUSPICIOUS MEN REARRESTED AND JAILED.

Petersburg, Va., Dec. 7.—Yesterday morning James H. Hines and Frank Waincoat, two white men, were liberated from jail after having served a term of three months for assaulting a white woman in this city. They were rearrested several hours afterwards, upon complaint of Superintendent Robinson, of the Potomac Mills Company, upon the charge of trespass. Hines and Waincoat were only captured after a chase into Dinwiddie county by Police Officer J. P. Stewart, who was assisted in the chase by other citizens.

When searched at the police station nothing was found on them, but when searched at the jail a fine piece of steel, such as hack saws are made from, was found in the lining of Waincoat's coat. From what can be learned it is thought that the two men did not want to leave the city, and desired to be rearrested and returned to jail, and that they intended to attempt a delivery of certain parties now in jail, and it was for this that they had concealed so carefully the piece of steel.

Waincoat has received from different parties letters containing about \$40 during his former imprisonment. By permission of the sheriff he was allowed to purchase food for himself and companions, as they did not like the jail food. They were given three months each this morning and will be placed in separate cells and debarred from all privilege during their confinement in jail.

AN APPOINTMENT.

Mr. John E. Townes, of this city, was appointed yesterday by the Grand Master of Masons of Virginia, district deputy grand master for this Masonic district.

The appointment was a great surprise to Mr. Townes, as he had no knowledge that his name had been mentioned in connection with the office. Mr. Townes held this position some years ago.

NEWPORT NEWS.

TWO OFFICERS OF THE RAWLINS KNOWN HERE.

Newport News, Va., Dec. 7.—Among the officers on board the transport Rawlins are two that are well remembered in Newport News in other capacities than they now occupy. The Chief Engineer of the boat is Mr. Charlton who was formerly chief engineer of the Morgan Line and was in charge of the trial trip of the El Sud, El Norte and vessels of that line built at the ship yard here.

Mr. Carlton's third assistant is Mr. Charles Blanford, a former resident, who enlisted in the army and was captured by the Filipinos during the service of his regiment in the Philippines. Both gentlemen have met many of their former friends in the city and have been their guests.

BLACKSBURG.

A SUCCESSFUL BURGLARY BY UNKNOWN PARTIES.

Blacksburg, Va., Dec. 7.—So far the only successful burglary of the several attempts made here in the past few months was made Tuesday night, when Stanger & Company were relieved of goods to the value of considerably over \$100.

Parties unknown effected an entrance through a rear window and left a little later with a good line of ready-made clothing on hand. This was evidently all they wanted, as nothing else was disturbed at all.

The owners of the store have absolutely no clue as to who the parties were, and from present prospects will simply have to make the best of their loss.

OLD POINT CO. FORT.

ARRIVAL OF THE GUNBOAT ANNAPOLIS.

Old Point, Va., Dec. 7.—The gunboat Annapolis arrived in Hampton Roads yesterday afternoon at 2:30 o'clock and anchored near the Massachusetts. She is now in use as a training ship.

This is the third ship to arrive that will form a part of the North Atlantic squadron to be formed in these waters by the 20th of December, when they will sail on their annual cruise in the West Indies.

SUFFOLK.

One Verdict Against N. & W. Sustained—One Set Aside.

A Criminal Run Down by Bloodhounds—A Warmly Contested Game of Football—Royal Arcanum Officers—May Not Need Burial Clothes.

Suffolk, Va., Dec. 7.—Circuit Judge Robert R. Prentiss, sitting in chambers, today sustained one verdict for damages against the Norfolk and Western Railroad Company and set aside another, which had been rendered by Nansemond county juries for the killing of men in a freight wreck at Lake Killy June 2, last year.

In the case of the Rev. E. T. Daddman, of Petersburg, administrator of William J. Day, a woman, one of the three men killed, Judge Prentiss sustained the jury's finding of \$5,000 damages against the railroad company.

When the plaintiff won before the jury the defendant corporation moved to set aside the verdict, and the motion was argued in October. The decision of the court was reserved.

The Norfolk and Western will carry the case to the Supreme Court. The bill of exceptions will be signed December 13.

ONE SET ASIDE.

In the suit of Wells, administrator of William Wells, brakeman, who lost his life at the same time Poole did, Judge Prentiss set aside the jury's verdict for damages in \$3,000.

Judge Prentiss considered that Wells had been guilty of contributory negligence, and then, too, he did not think the evidence in this case was as strong as it was in Poole's.

Counsel for Wells have a right to have the case tried before another jury in the Circuit Court.

RUN DOWN BY BLOODHOUNDS.

The first criminal in Nansemond county to be actually run down by bloodhounds, now lies in Nansemond County Jail, where he was thrown, this morning, shortly after midnight. He is George Coffield, colored, who is charged with breaking into the home of Peter Hudgins, near Exit, and stealing a watch and suit of clothes. The family of Hudgins was off in a field picking peanuts when the burglar came and effected entrance through a window Hudgins sent for Hurricane Brouch, who carried his bloodhounds to the window from which the thief was supposed to have jumped. They struck a warm scent, and after trailing over two hours, proclaimed the finding by prolonged baying at Irwin Gardner's home.

One of the dogs was chained on the outside, while the other was let in to select the guilty person. The hound picked out Coffield, and ignored other inmates of the house, Hurricane Branch said.

Coffield was committed for ten days pending an examination by Justice W. H. Luke.

Coffield after several stories acknowledged that he had passed near Hudgins' home going to a store. He has not long been out of jail, where he did a six months' sentence.

PLAYED A CLOSE GAME.

The Tigers and Cyclones, teams of students and boys, played a warmly contested game of football this afternoon at Peanut Park. The Tigers won, 5 to 0. The eleven were well matched, and it looked like anybody's game till near the end. Bryant and Holland made good runs for the Tigers, and Titus, of the Cyclones, tackled with determination. The same teams will likely meet again.

VIRGINIA LYONING.

ONE MAN SHOT AND ANOTHER WHIPPED.

(By Telegraph to Virginian-Pilot) Richmond, Va., Dec. 7.—In the lower part of Wythe county yesterday afternoon a young white woman, Mrs. Robert Fisher, was assaulted by a negro man named Daniel Long, aged 23 years.

The whole country side was soon aroused, however, and last night Long was arrested by officers at his home in Ivanhoe, a mining town three miles from the scene of the assault. Another negro, named Lewis Hall, who was with him, was also arrested. The two were taken before Mrs. Fisher, who immediately identified Long and the officers started with him for the jail. Almost immediately, however, they were confronted by an undisguised crowd of about a hundred men, who took Long from them, and, after allowing him time to pray, attempted to hang him to the limb of a tree. The rope broke twice, and then the negro was tied to a tree and shot to death.

Long implicated Hall, declaring that Hall was watching for him, and the latter would also have been lynched, but for the earnest pleading of Mr. Thomas Blair, a prominent farmer.

A compromise verdict was reached in the case of Hall, the crowd tearing his clothes from his body and whipping him unmercifully.

HOW HE OUTWITTED BRITISH GENERAL KNOX.

(By Telegraph to Virginian-Pilot.) Allwal North, Cape Colony, Dec. 7.—After the fight at Stork Spruit, General Dewey doubled South during the night, crossed the Caledon river, marched to Odendal Drift, where he found the stream impassable, turned east and marched along the north bank of the Orange river until within fifteen miles of Allwal North, and then turned northeast in the direction of Rouxville.

General Knox dogged his steps the whole day. Dewey's forces were thoroughly exhausted. Three hundred of his dead and dying horses were counted between St. Michaels road and the Orange river.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
